Stephen Buzard is the son of John-Paul Buzard, builder of the James G. Kenan Memorial Organ at All Saints' Episcopal Church (Opus 29, Buzard Pipe Organ Builders LLC of Champaign, Illinois; built in 2003). The young artist is a senior at Westminster Choir College in Princeton, New Jersey, where he is studying organ performance with Ken Cowan. Stephen serves as Organ Scholar at Trinity Episcopal Church, Princeton, and as Director of Music for the Episcopal Church at Princeton University. He has been appointed Senior Organ Scholar for Wells Cathedral in England, beginning in September 2010. In addition to his church work, Stephen keeps an active recital schedule, performing at St. Mary the Virgin, St. Bart's, and St. John the Divine in New York City; the American Institute of Organbuilder's convention in Columbus, Ohio, and at many other venues across the country. This year he recorded his first solo CD for Delos Records on his father's recent installation in Bloomington, Illinois. His proud father will be traveling to Atlanta for Stephen's recital. CONGRATULATIONS . . .

. . . . to our own **Sarah Martin** (teacher) and **Bryan Anderson** (student) on Bryan's recent first place (\$2000.00) win in the high school division of the Albert Schweitzer Organ Competition! This competition and festival is held every September in historic Wethersfield, Connecticut. It is a very comprehensive festival and competition which includes each finalist preparing a program of three pieces, plus two hymns in the high school division, plus playing in the morning worship services, and singing in the choir at First Church of Christ, Wethersfield. The competition features a college/young professional division in addition to the high school division, and has a distinguished panel of 3 judges. There are three high school finalists, and three college/young professional finalists selected from the initial first round recorded auditions. This year's judges were Dr. John Weaver, Dr. Wilma Jensen, and Dr. Fred Hohmann. Bryan was also awarded the hymn playing prize (\$750.00), which is given to one student out of both competitive categories.

Introducing...

Roland C-330 Classic Organ

From classical organs and harpsichords to forte-piano and celesta... the period between the 14th and 18th centuries was a remarkable era for keyboard-instrument development. J. S. Bach, the father of music, wrote his many masterpieces. This was also when organ culture blossomed. Many types of organs were developed during this period – from positive organs, with small bodies and elegant tones, to pipe organs that filled large cathedrals with colossal sound. The music of the era had a miraculous beauty, and Roland's vision was to

bring these rich organ tones closer to our modern lives. Based on this vision, Roland proudly presents its classical organ C-330. The C-330 delivers grand, magnificent sound that defies its compact size. Its body is only 53.7cm deep (91cm deep including pedalboard). It features a dual-manual keyboard with 61 keys each, plus 30 footpedals in a parallel-concave configuration. With a wide variety of high-quality organ tones, the C-330 sets the bar high for sound and performance. Experience pipe-organ power and performance whenever inspiration strikes.

Visit www.chapel-music.com for information on the new Roland Classic Series instruments, and come see them in our studio.

A MESSAGE FROM THE DEAN ~

Enlarging Our Ranks

What a great start to the year we had with our September program! The performance by Ben van Oosten at the Cathedral of Christ the King was outstanding. One member remarked to me that it was a performance equal to any heard at national conventions. We had an excellent turnout also for the fine dinner beforehand. Many thanks to Hamilton Smith and Timothy Wissler for their gracious hospitality!

Our October program promises to be another fine recital with Stephen Buzard performing on his "father's" instrument at All Saints Episcopal Church. We always enjoy returning to All Saints and appreciate the kind invitation from Elizabeth and Ray Chenault and Pamela Ingram. Be sure to join us for an outstanding evening.

Speaking of joining, we are excited to have some 40 new members in the Atlanta Chapter this fall. Thanks to the suggestions of our Executive Committee and Membership Renewal/Recruitment Committee, we're going to make a special effort to recognize new members throughout the year. Please help us extend a warm welcome to these individuals. Our Atlanta Chapter currently ranks as the fifth largest chapter in the country.

And speaking of membership, the Executive Committee has agreed to make membership recruitment an important focus for our November meeting at Northside Drive Baptist Church. Please think of musicians you know who should be a part of the Atlanta Chapter but are not members. We will have materials available at our October meeting which you can give or mail to prospective members. If we all pitch in and try, we can easily generate another 40 new members for the chapter. The success of our local organization – and the national organization – depends upon our efforts to keep growing.

Thanks for all you do to make music special – for yourselves, for all of us, and for the larger community!

James Mellichamp

Congratulations to Sarah Martin
